SHOPIFY@CEDCOMMERCE.COM

Product Uploading **Process on Walmart**

To successfully upload products on walmart.com, must follow the given steps:

- ➔ **Category Mapping:** Map the category of all product types that you had created on your shopify store. Map those product types to the walmart category in which you want to list your product.

To do the category mapping [click here](#)

Shopify-Walmart Category Mapping

[Help](#) [Submit](#)

Id	Product Type(shopify)	Walmart Tax Code (CLICK HERE TO GET TAXCODE)	Walmart Category Name	
1	13feb	<input type="text" value="2037769"/>	<input type="text" value="Clothing"/>	<input type="text" value="Other"/>
2	1febev	<input type="text"/>	<input type="text" value="Clothing"/>	<input type="text" value="Other"/>
3	1febev	<input type="text"/>	<input type="text" value="Clothing"/>	<input type="text" value="Other"/>
4	6feb	<input type="text"/>	<input type="text" value="Please Select Category"/>	
5	9feb	<input type="text"/>	<input type="text" value="Electronics"/>	<input type="text" value="Cell Phones"/>

To know more about attribute mapping you can also refer to the knowledge base, [click here](#)

- ➔ **Tax code:** To publish your products on walmart.com you have to provide tax code to each and every product type. You can provide barcode to all the product types from the category mapping page and if you want to set a universal tax code then you can set it from the Walmart configuration setting page. To set tax code universally [click here](#)

Product Settings	
Product tax Code ▲ To get product tax code click here	<input type="text"/>

To know more about the product tax code you can refer to walmart knowledge base,

- ➔ **Attribute Mapping:** If you have variation products then it is necessary to map all the shopify store attributes to walmart.com attributes. To do the attribute mapping [click here](#)

Shopify-Walmart Attribute Mapping

[Submit](#)

Variant : Attribute Can be Used for Creating Variants on Walmart. **Required** : Attribute is Required on Walmart.

Product Type(shopify)	Walmart-Shopify Attributes	
	Walmart	Shopify
	foodForm Required	<input type="text"/> ▲ Enter any value for 'foodForm' attribute if there is no similar option in shopify.
	alcoholContentByVolume Required	<input type="text"/> ▲ Enter any value for 'alcoholContentByVolume' attribute if there is no similar option in shopify.

➔ **Barcode:** Check whether you have provided valid barcode to all of your products or not. If you have not provide barcode or have invalid barcode then you can update the barcode in three ways, first, by the bulk upload process and second, updating barcode at your shopify store and third, go to edit product of that individual product and update the barcode.

Want to update barcode via CSV [click here](#)
